Class Descriptions	
Aqua Boot Camp	Low to high intensity. Beginners, intermediate, and advanced. Light to moderate cardio is used for heart and lung conditioning. Complete body and muscle toning. Aquatic exercise equipment is used for resistance and buoyancy. Belts are used.
Aqua Tone	High intensity aerobics that can be modified for a light to moderate workout. This class is for intermediate to advanced and for beginners that would like a challenge. Emphasis on cardio, strengthening, and toning the entire body. Aquatic exercise equipment is used for resistance and buoyancy. Aqua steps are optional.
Hydro Fit	This class varies from a cardio workout in the lap pool using buoyancy equipment to shallow water using buoyant aquatic environment to help tone your upper and lower body as well as improve your core
Water Cardio	This class provides a vigorous workout that combines a longer cardio segment with strength and flexibility training at the end.
H2O Tone	A low-impact body sculpting class, using the resistance of the water. This class works on strengthening the core muscles while developing muscle tone, endurance and flexibility. The class is beneficial for a wide range of ages and physical levels.
Water Workout	Low to high intensity workout. This class is designed for intermediate to advanced. This class is designed for cardio conditioning. Exercises can be modified for low to high impact. All muscle groups are used with emphasis on the abdominal muscles.
Aqua Lite	Geared towards seniors. Low impact water workout using the water resistance.
Deep Sweat	A non-impact exercise in deep water with the assistance of a flotation belt. Uses resistance equipment to strengthen the entire body.
