TEAM FORMATION:

We will do our best to place a returning player on the same team the child played on in the previous season.

There is no guarantee we can place a child on a specific team requested by the parent due to the fact that we have roster size limits to ensure each child gets to play at least half a game each game.

For players who are new this season, they will be placed on teams by that playing venue's designated Rec League Coordinator or other person so designated to assist with Team Formation.

Teams will be formed by the players' Year of Birth. That is, our goal is to form teams with players who all have the same birth year. This then allows us to have teams consisting of players of the same age to play against one another.

Please take special note that regardless of the manner in which teams may have been formed in the past, **no player will be allowed to play two or more years up from his or her birth year.** For example, if a child is born in 2007, he or she cannot be placed on a team that consists of players born in 2005.
