NOT YET 3

WATER STAMINA

Can the student swim 15 yards of front and back crawl?

NOT YET 4

STROKE INTRODUCTION

Can the student swim front crawl, back crawl, and breaststroke across the pool?

NOT YET 5

STROKE DEVELOPMENT

FREQUENTLY ASKED QUESTIONS

Can we swim before/after swim lessons? If you are a member you can swim during the family/open swim times. Be sure to check the pool schedule. If you are a non-member you cannot swim outside of swim lessons. See the front desk to inquire about membership.

Will there be inclement weather make-up classes? If it is the first/second class we will add additional time to each following lessons. If more than two class make-up dates will be announced by the Aquatics Director ONLY.

Can we switch teachers? You cannot switch teachers due to gender preference or favoritism.

Where can I watch my child swim? You can sit on the bleachers or on the benches in the hallway. Being on the edge of the pool distracts not only your child's progress but the progress of the entire class.

Can I take photos? You are more than welcome to take photos of your children, but be mindful of other children, their parents, and facility staff. Do not tag anyone you do not personally know and

do not tag any staff members. You are welcome to tag our facility - [@jeeprogersymca](https://www.instagram.com/jeeprogersymca)

What to eat before swim lessons? Snacks are always encouraged before swim lessons. Refrain from feeding your child a full meal right before lessons in case they swallow water. Their meal may end up in the pool.

How many lessons do we need to take before my child can swim? Every child learns at a different rate and every child has a different goal for their swimming experience.
